Texas Farmers' Markets at Lakeline and Mueller are organized under F2M Texas, a 501(c)4 non-profit corporation .

ABOUT US

Texas Farmers' Market's mission is centered around hosting and educating Central Texas producers and consumers to grow a sustainable food system. We work towards our mission in the following key areas.

TFM provides at market programming to enhance the market experience while also supporting local artists and organizations. We work to reduce food waste through our Lakeline **Community Compost program**, educate shoppers on eating seasonally and how to cook with market produce with our **Sample the Market** booth, and educate and inspire our youngest market goers with fun activities for kids every **Second Saturday & Sunday.** Every Saturday at Bell we feature **live music from local artists**.

Providing access to sustainable, local food for all Texans is critical to our mission at Texas Farmers' Market, and we offer a **healthy food access program** at both of our markets in partnership with the Sustainable Food Center. **SNAP is accepted year-round, and WIC is accepted through the FMNP voucher program April - October**. SNAP and WIC users can double up to \$30 on fresh fruits and vegetables with Double Up Food Bucks Austin.

Texas Farmers' Market operates the **Ag Producer Support Fund**, which was created in order to support farmers, ranchers and all producer vendors during times of medical, environmental or other crisis. Following Winter Storm Uri in 2021, Texas Farmers' Market gave out over **\$20k in immediate assistance** to farmers through the fund to help them get back on their feet after devastating crop and animal loss.

In 2021, TFM expanded the Ag Producer Support Fund to include a **scholarship for new Black, Indigenous, and people of color (BIPOC) farmers** who would like to become vendors at our farmers' markets. Through this scholarship, TFM recognizes the institutional barriers that farmers of color have endured for centuries, from access to credit, land, and resources, as well as discriminatory practices at the USDA, and is working to do our part in expanding access to sales channels for BIPOC farmers.

REACH

Get your brand and message in front of thousands of loyal market shoppers, online and in person.
