

Mueller Vendor Parking

Vendors are welcome to use hangar lot, Mueller Central lot and fire lane for load in/out. Vendors must relocate their vehicles to designated vendor parking or street parking (outside of market boundaries) as soon as they are done loading in/out, even if it is complete before market start.

It is essential that vendors follow parking rules. These areas are heavily monitored by TFM staff and **vendors who do not follow vendor parking rules will be fined \$30 without warning.**

Above: Vendor parking overview

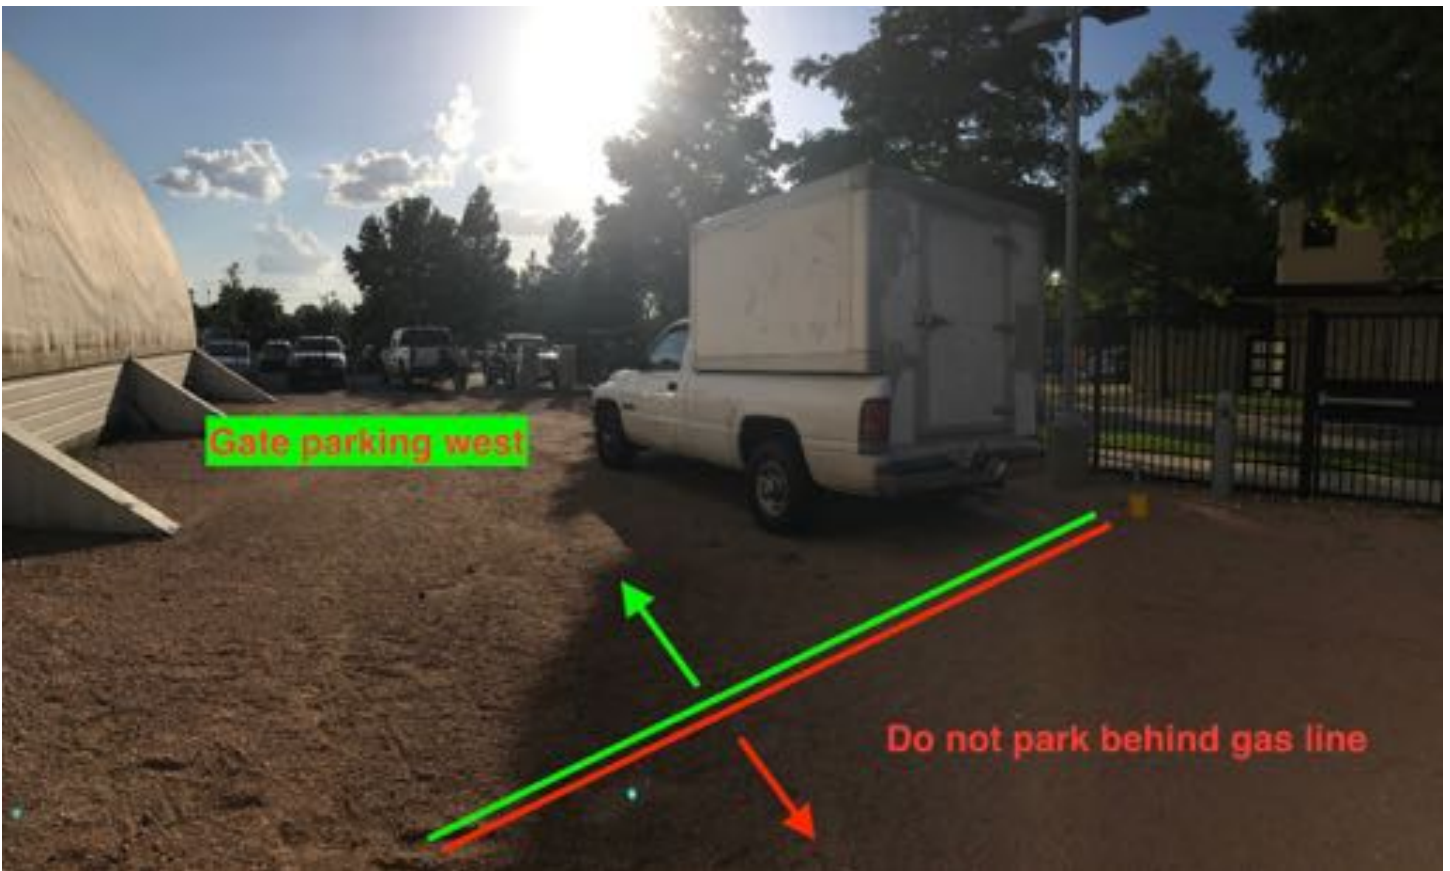

Hangar lot: Shopper parking located directly behind the Mueller hangar (in front of food truck court). **NO VENDOR PARKING.**

Mueller Central lot: Shopper parking located directly behind the Mueller central building (parking lot to the West of Hangar lot). **NO VENDOR PARKING.**

Fire lane: Road to the West of Hangar. Monitored by Fire Marshall. **NO VENDOR PARKING.**

Gate parking West: **Vendor parking permitted** behind gates to the West of the hangar. No parking past yellow gas line indicator.

Gate parking East: **Vendor parking permitted** behind gates to the East of the hangar. Vendors MUST file in and make as much room as possible, no blocking entrance by filling gravel parking first (see below).

Gravel parking: **Vendor parking permitted** behind in gravel only between gates around portable restrooms and TFM trailer and dumpster. Vendors MUST file into Gate parking East first and make as much room as possible, no blocking entrance to gate parking. **DO NOT PARK ON CEMENT.**

Lakeside parking: **Vendor parking permitted** behind last vendor along lakeside (north side of sidewalk). Emergency vehicles should be able to enter market on opposite side. **DO NOT BLOCK TRAFFIC CIRCLE. DO NOT PARK WITHIN 25 FEET OF CROSSWALK** (violators may be ticketed by City of Austin).

Behind band: Where the fire lane meets the lakeside. **NO VENDOR PARKING** between vendors and band.
